The technical reports prepared by the Woods Hole Oceanographic Institution in 1983 are listed in this bibliography. Inquiries about availability of extra copies will be handled on an individual basis. Initial distribution of the reports is controlled by the funding agencies. Reports are available through the National Technical Information Service (Springfield, Virginia 22161). NTIS order numbers are included with each report listed or can be obtained through the Document Library.

Most published papers which are no longer included in the technical report series are also available through the National Technical Information Service. NTIS order numbers for the reprints are available in the Document Library.

The Document Library provides Interlibrary Loan Service for all Institution reports and will assist with problems of identification.

When citing a report, it should be referenced as: Woods Hole Oceanographic Institution Technical Report WHOI-83-No.

All reports listed are UNCLASSIFIED and approved for public distribution unless otherwise noted.
