Dear Hamburger,

Witschi has come and gone and, like you, left a trail of good feeling and intellectual stimulus behind him. And I am only now getting to take a breath and write you the genuine appreciation of the Department for your visit. Your visit was like the leaven that leaveneth the whole lump. I want to thank you for taking the time and trouble to come to us. And thanks for your nice letter of the 15th.

With best wishes.

Cordially,

Carl G. Hartman
