Dear Matelewis -

Thank you for your letter. I enclose the "bill" I received from MBL. As you see it is really just a letter! I hope this will be sufficient.

I am writing to MBL explaining what I have done and that they will receive a cheque from you. I think this should cover it.

I am sorry for the delay but I only received your letter today - we have had another holiday here which delayed the mail.

Looking forward to seeing you soon -

Yours Cheryl -
