Dear Viktor:

Indeed I had not seen the
Anniversary 135th ^{no} Quarterly
before I had your ^{Christmas} ~~post~~card, with
their usual lack of organization they
had not sent me a copy, although
I later discovered our Library received
one weeks ago. I made the
Librarians unearth it from the
Cataloguers' dungeon - I was
really just delighted at what you
had to say. It is a tremend-
ous relief to know that what one
tries to do succeeds in getting
across to Mrs - especially
~~that~~ when these ^{others} include
those as sensitive and deep

Thinking as you.

This is somewhat incoherent
because I'm having the gyppe
or some relative of it but I
wanted you to have my Thanks
before you have your next
order, I'll be thinking about
you -

Yours

Jane
