Dear Sandi & Amy,

Thank you for your letter of October 3, 1985. A wonderful source of information about the TITANIC is a book called A Night to Remember by Walter Lord. Perhaps your town library has a copy. The September 16 and 23 issues of Time and Newsweek all have articles about our discovery of the TITANIC. If you can wait another month or so, the December issue of the National Geographic Magazine will have an article with many color photographs. I hope the material I am enclosing will be of help. Good luck with your report and thank you very much for writing.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert D. Ballard". The signature is fluid and cursive.
