INTRODUCTION

The technical reports prepared by the Woods Hole Oceanographic Institution in 1980 are listed in this bibliography. Inquiries about availability of extra copies will be handled on an individual basis. Initial distribution of the reports is controlled by the fund-granting agencies. Reports available through the National Technical Information Service (Springfield, Virginia 22161) are indicated by an NTIS order number.

The Document Library does provide Interlibrary Loan Service for all Institution reports and will assist with problems of identification.

When citing a report, the published reference takes precedence. Otherwise, the report should be cited as: Woods Hole Oceanog. Inst. Tech Rept. WHOI-80-No. (1980).
