PREMEDICAL ADVISORY COMMITTEE
109 COLLEGE STREET
NEW HAVEN, CONNECTICUT

August 20, 1956

Mr. J. P. Trinkaus
357 J. Willard Gibbs Research Laboratory
Yale University

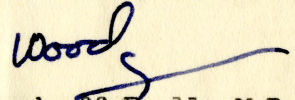

Dear Trink:

Thank you for sending along such a batch of premedical evaluations on your Zoology 23 students of last year. I take it you completed these at Woodstole, which must have been quite an effort to change the focus from the absorbing work I'm sure you're doing there.

Also, I do not think I have been in touch with you since your promotion to Associate rank. I do congratulate you upon the richly deserved recognition and I look forward to seeing you again in the now not too distant future.

With best wishes, personally,

Always cordially yours,

John Woodruff Ewell, M.D.
Chairman
Premedical Advisory Committee
