Dear Mr. Major,

Thank you very much for your recent letter expressing such interest in our work. I am always happy to hear from others who share my fascination with the TITANIC.

Distribution of the project patches is limited to crew members and the Deep Submergence Laboratory staff. However, photographs, slides, etc. are available through the Institution's Public Information Office. A price list is enclosed. Please note that all requests for material should be addressed to the Public Information Office.

Thanks again for writing.

Sincerely,

A handwritten signature in black ink, which appears to read "R. D. Ballard". The signature is fluid and cursive.

Dr. Robert D. Ballard
Senior Scientist
Deep Submergence Laboratory

Dear Sir,

After seeing the television program on the Titanic some months ago on British T.V. it became increasingly intrigued in your great discovery may be the greatest discovery this century.

In the program i saw that on your overalls you had a woven patch with the Titanic on it. So i was wondering if it would be possible to have one mailed to me. Also if you have any additional photos or full drawings of the Titanic on her maiden voyage i would be most grateful.

Yours faithfully

Philip Major
