

## SHIP NEWS

- |              |   |
|--------------|---|
| ATLANTIS II  | - Returned to Woods Hole August 9 and will depart on August 12.           |
| CHAIN        | - Presently northwest of the Azores. Due in Ponta del Gada on August 13.  |
| CRAWFORD     | - At the pier. Will be out two days with George Clark as Chief Scientist. |
| GOSNOLD      | - Returned to Woods Hole August 8.  |
| ALVIN & LULU | - In the western part of the Atlantic.                                    |
| C-54Q        | - At Otis undergoing 200 hour check.                                      |

## MEETINGS

- |              |   |
|--------------|---|
| Journal Club | - 8 P. M., LMS  |
| August 12    | - "Gravels and glaciation in the Gulf of Mexico" by Dr. John Schlee, U.S.G.S. |
| August 19    | - "Giant piston corer experiment" by Dr. C. D. Hollister, WHOI.               |

## HEIDI RICHARDS NAMES "COLUMBUS"

Congratulations (and the \$50 prize) go to Heidi Richards in the Physical Oceanography Department for submitting the winning name for the Institution's new research submarine, the COLUMBUS. Her entry, one of many reviewed by the selection committee, calls up visions of the discoverer of the New World and links those visions, most appropriately, to one of the most outstanding oceanographers of all time, Dr. Columbus O'D. Iselin, former Director of the Institution and Henry Bryant Bigelow Oceanographer. Dr. Fye, as he announced the winning name and presented the award, said that although many good suggestions were made, ". . . none quite provided the serendipity of COLUMBUS. Our thanks to all who took part in the contest, and I know everyone joins me in congratulating Mrs. Richards."

Also, congratulations go to Mrs. Fred C. Woodward for her second place entry.

NEW BOOKS RECEIVED IN THE MBL-WHOI LIBRARY

- Anderson, E.W.: The principles of navigation. 1966  
American Institute of Biological Sciences: Directory of bioscience departments in the United States and Canada. 1967  
Betchov, Robert, & William O. Criminale, Jr.: Stability of parallel flows. 1967  
Collins, Royal Eugene: Mathematical methods for physicists and engineers. 1968  
Curtis, Helena: Biology. 1968  
Fairbridge, Rhodes W., Edr.: The encyclopedia of atmospheric sciences and astrogeology. 1967.  
Fraenkel-Conrat, H., Edr.: Molecular basis of virology. 1968  
Gray, Peter: The dictionary of the biological sciences. 1967  
Guthe, Karl F.: The physiology of cells. 1968  
Harbers, Eberhard: Introduction to nucleic acids. Chemistry, biochemistry and functions. 1968  
Hartshorne, N.H. and A. Stuart: Practical optical crystallography. 1964  
Hays, David G.: Introduction to computational linguistics. 1967  
Hofstadter, Richard: The United States: the history of a republic. 1967  
Howland, John L.: Introduction to cell physiology; information and control. 1968

Sammartino, Peter: The Fairleigh Dickinson Univ. conference on oceanology. 1968  
Watson, James D.: The double helix. 1968  
Watt, Kenneth E.F.: Systems analysis in ecology. 1966

DEADLINE FOR NEWSLETTER

The next deadline for the Newsletter will be Tuesday, August 20. Please have news items to Karen Schnee in the Public Information Office before noon.

### WHOI SAILING CLUB NOW IN COMMISSION

The WHOI Sailing Club was started in 1960 to provide for the use of an 18-foot Cape Cod Knockabout which was donated to the Institution by Dr. Walter E. Garrey, a WHOI Associate and past Commodore of the Woods Hole Yacht Club. Membership is open to employees of the Institution for a nominal fee to cover boat insurance, maintenance costs, etc. The following general rules govern the club:

Memberships are \$5 for the season, payable to the Business Office, Mr. Rudden. No person may use the boat unless he is a member of the Sailing Club.

In order to skipper the boat, members must have a basic knowledge of sailing technique. All sailors who have not skippered before and all newcomers to WHOI must demonstrate such knowledge and can receive help if needed. For further information contact one of the following: Robert Knox, Ext. 298; Hank Perkins, Ext. 215; or Jonathon Leiby, Ext. 247.

### FAREWELL AND THANKS

Dr. Hans Truper would like to thank all his friends and colleagues at the Institution for their help and cooperation while he was here. He has left Woods Hole to work for the Institut für Mikrobiologie, Universität Göttingen, Göttingen, Gosslersr, Germany.

### ROGER TORY PETERSON TO PRESENT PROGRAM

Roger Tory Peterson, the painter and world-famous author of "Field Guide for Birds" will present his new film "Galapagos - Wild Eden" at the MBL Lillie Auditorium on Saturday evening, August 10, 1968, at 8 P.M. for the benefit of the Woods Hole Public Library. Admission will be \$2 for adults and \$1 for children. Tickets are available at the library, at the door, and from Jeff Allen, Ext. 391; Robert Brockhurst, Ext. 320; Carlyle Hayes, Ext. 295; and Tom Stetson, Ext. 265.

### VISIT OF R/V SIR HORACE LAMB

Clem McCann, former mate on the BEAR and the ARIES, arrived on Monday as the master of the R/V SIR HORACE LAMB from Bermuda. The ship is owned and operated by Lamont and is stationed in Bermuda.

Clem is a longtime friend and associate of many at WHOI from several years ago, having spent much time at sea with many of the old-timers here at Woods Hole. He left Cape Cod about nine years ago for Bermuda and has remained there since.

The SIR HORACE LAMB and crew will remain in Woods Hole as our guest for four days. Clem said that he plans to visit with his many friends and former co-workers.
